

A better way to payroll

The Raise app is our efficient, scalable solution for your payroll needs!

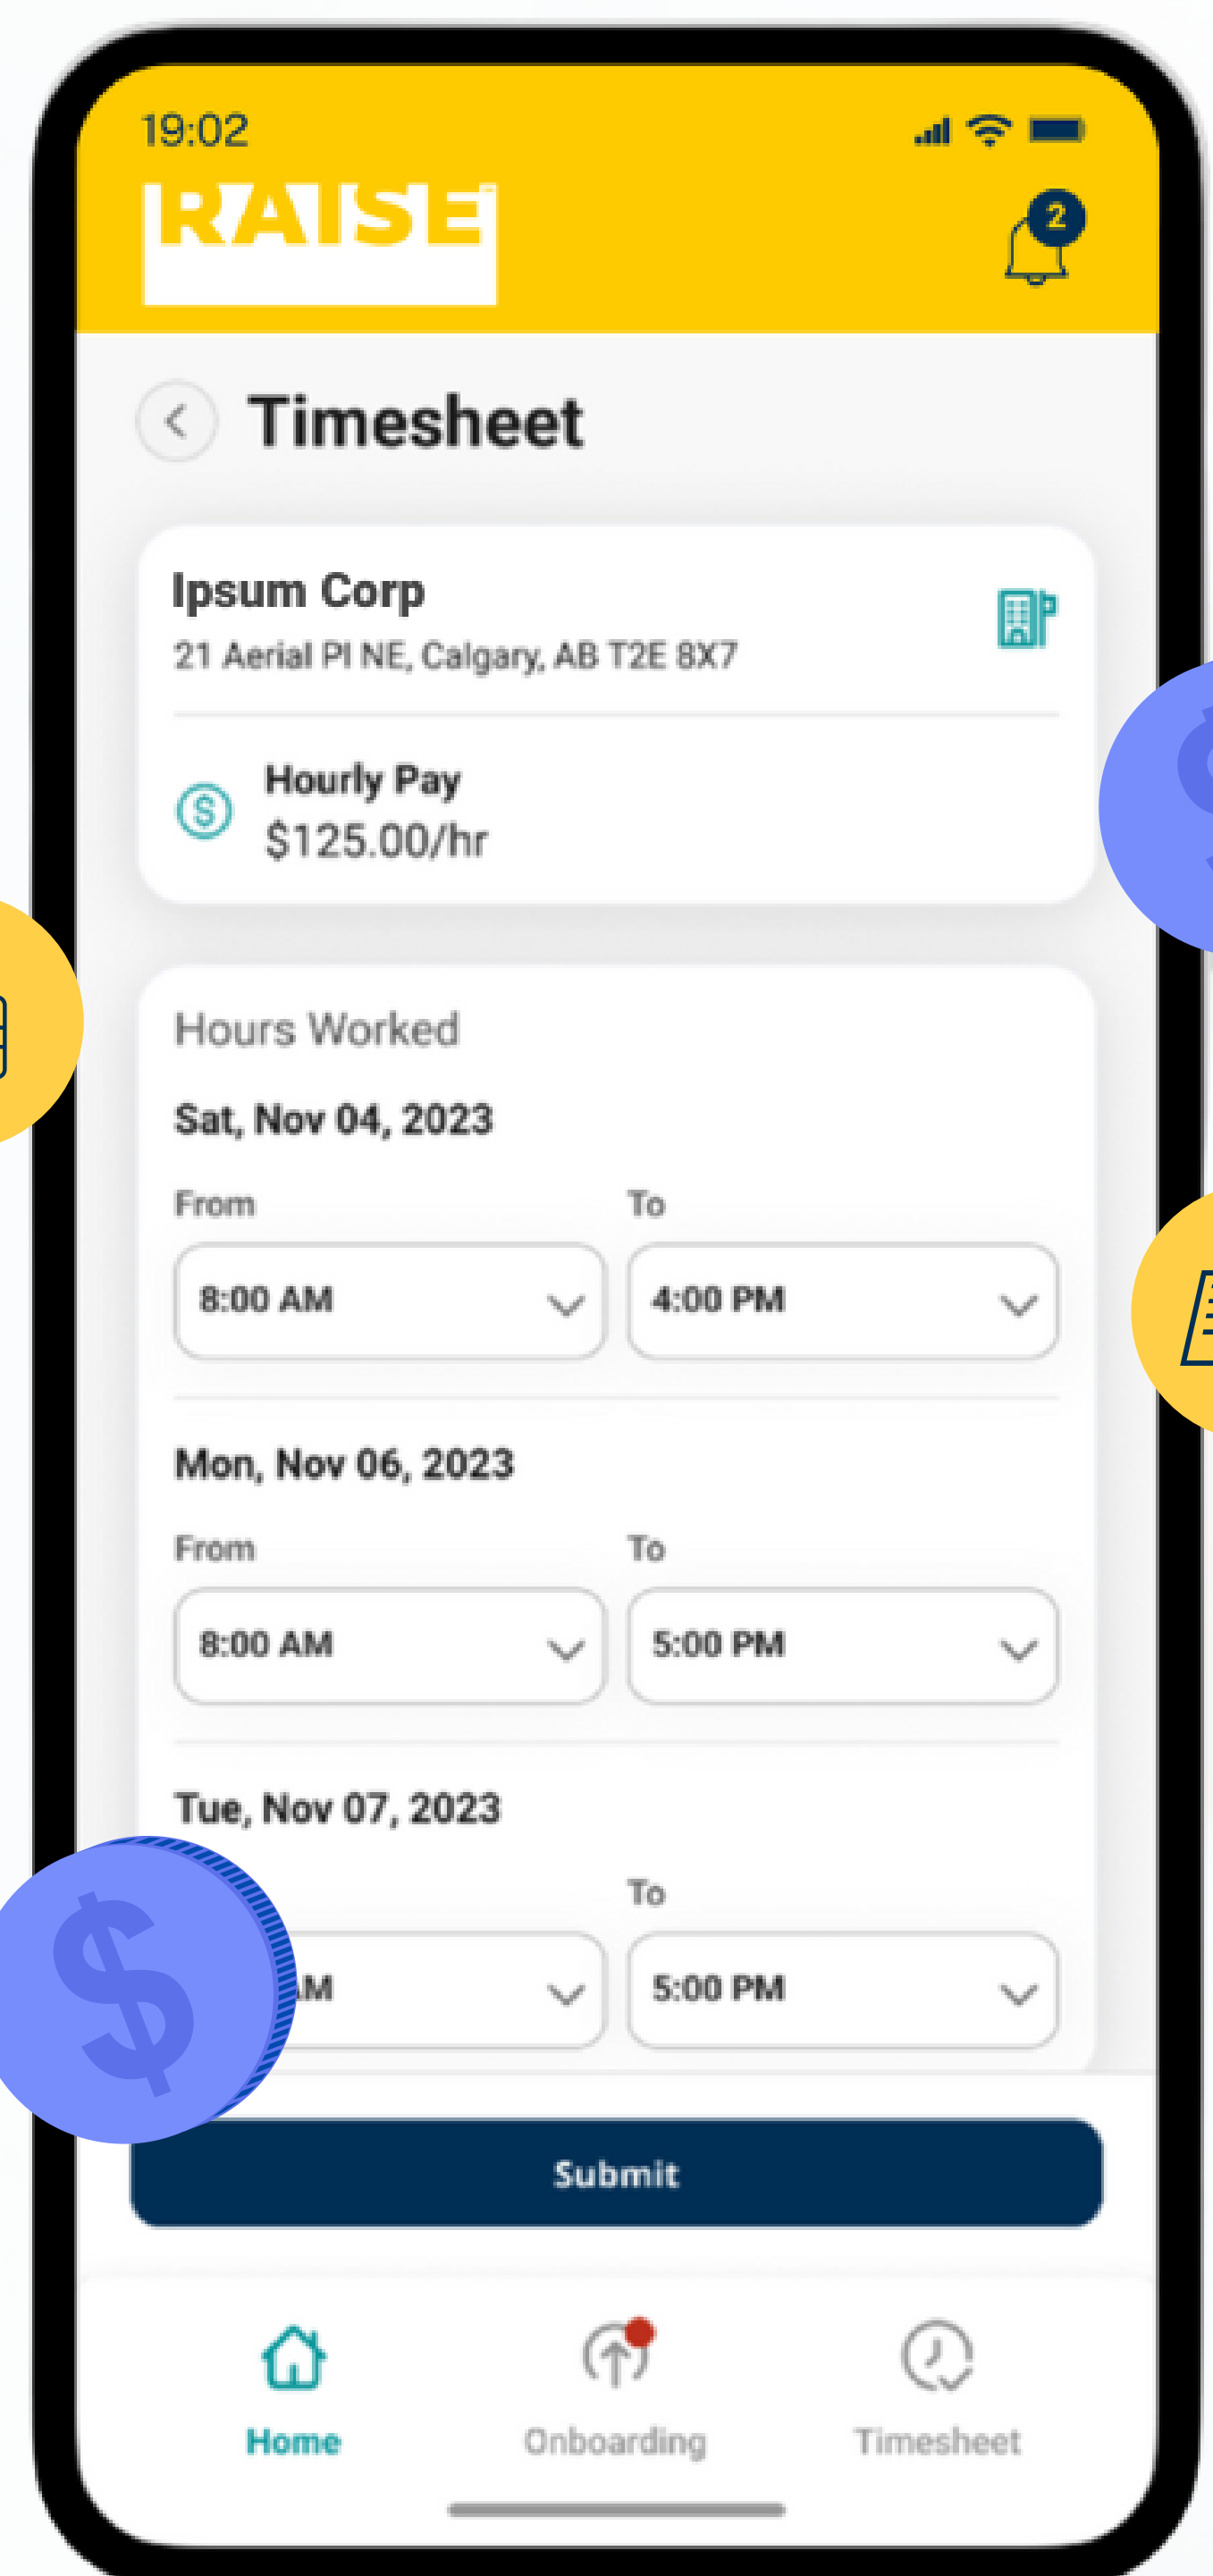

Rather than replace Contractor support, The Raise App empowers connection by keeping contractors and support on the same (web!) page.

Benefits, Expenses and Timesheets-- all in one place

The Raise App is **a powerful, customizable mobile app that captures all things payroll in one place.** From onboarding checks and assessments through timesheets and support, **the Raise app connects contractors with the information, resources, and support they need to make an impact for your business.**

The Raise App is backed by our dedicated, internal Raise support team that is always just a call, email, or text away.

The Raise App removes CS bottlenecks from traditional onboarding—100s, even 1000s of workers can onboard simultaneously
