Automotive & Transportation Talent Challenges:

Shortage of engineers and technicians skilled in EV, ADAS, autonomy, and modern manufacturing.

Production and supply chain volatility requiring scalable technical and hourly labor.

Complex compliance and safety requirements across plants, warehouses, and logistics hubs.

What Raise is known for in Automotive & Transportation:

- ✓ Specialized talent pools for automotive engineering, EV, manufacturing, and logistics roles.
- ✓ Capability to support both high-volume and technical hiring across multi-plant operations.
- ✓ Strong compliance, shift-based staffing requirements, and multi-jurisdication labor laws.
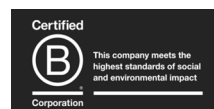

Our Mission: to connect people in meaningful work.

Candidates love working with us: 98.9% candidate engagement score.
